COMPANY OVERVIEW

Zhenhui New Materials is a professional functional film manufacturing factory located in northern China, specializing in the R&D, production, and export of automotive window films, architectural window films, paint protection films (PPF), and automotive color change films.

The company operates under a stable and well-established manufacturing system, supported by strict quality control procedures and consistent production standards.

With years of experience in overseas markets, our products have been continuously supplied to customers in the Middle East, Southeast Asia, Europe, and other regions.

We focus on product consistency, long-term cooperation, and reliable delivery, providing practical, market-oriented film solutions for wholesalers, importers, brand owners, and professional installation networks.

- Automotive Window Film
- Architectural Window Film
- Paint Protection Film
- Color Change Film

COOPERATION MODEL

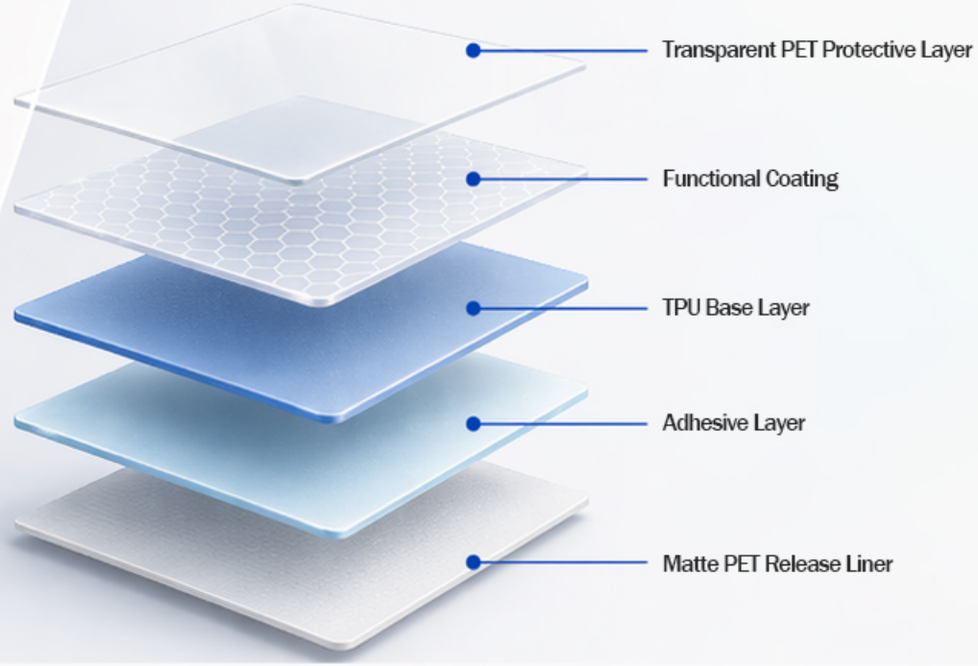

- OEM / ODM Manufacturing

WHY CHOOSE OUR PPF

Core Advantages

Engineered for performance.
Designed for professionals.

1. Original Paint Protection
Protects against scratches, stone chips and daily wear.

2. Self-Healing Surface
Minor scratches disappear with heat.

3. High Transparency
Preserves the original paint color and clarity.

4. High Gloss Finish
Enhances depth and showroom shine.

5. Anti-Yellowing Performance
UV-resistant for long-term outdoor durability.

6. Stain & Chemical Resistance
Resists bird droppings, acid rain and contaminants.

7. Hydrophobic Easy Cleaning
Water-repellent surface for easier maintenance.

8. Flexible Installation
Good stretchability for curves and edges.

PPF PRODUCT RANGE

Main Series Overview

A ENTRY / PROMOTION SERIES

Model	TPU Base	Glue	Coating	Thickness
TPH-7.5	—	Henkel	—	7.5mil / 190μm
Special Offer-75	Wanhua	Henkel	Hydrophilic	7.5mil / 190μm
Economy-75	Wanhua	Henkel	Hydrophilic	7.5mil / 190μm
Economy-85	Wanhua	Henkel	Hydrophilic	8.5mil / 220μm

B WANHUA + HENKEL SERIES

Hydrophilic

Model	Thickness
TPU-HQ75	7.5mil / 190μm
TPU-HQ85	8.5mil / 220μm
TPU-HQ95	9.5mil / 250μm

Hydrophobic

Model	Thickness
TPU-HS75	7.5mil / 190μm
TPU-HS85	8.5mil / 220μm
TPU-HS95	9.5mil / 250μm

C WANHUA + ASHLAND SERIES

Hydrophilic

Model	Thickness
TPU-Q15	7.5mil / 190μm
TPU-Q18	8.5mil / 220μm
TPU-Q20	9.5mil / 250μm

Hydrophobic

Model	Thickness
TPU-S15	7.5mil / 190μm
TPU-S18	8.5mil / 220μm
TPU-S20	9.5mil / 250μm

Coating options: Hydrophilic / Hydrophobic

PPF PRODUCT RANGE

A Covestro + Ashland Series

Hydrophilic

TPU-Q13K	6.5mil / 170μm
TPU-Q15K	7.5mil / 190μm
TPU-Q18K	8.5mil / 220μm

Hydrophobic

TPU-S15K	7.5mil / 190μm
TPU-S18K	8.5mil / 220μm

B Lubrizol + Ashland Series

Hydrophobic

TPU-L15	7.5mil / 190μm
TPU-L18	8.5mil / 220μm

C Sunroof Series

Model	Glue	Coating	Thickness
PU-BLUE	Henkel	PU Sunroof Ice Armor (Blue)	7.5mil / 190μm
PU-BLACK	Henkel	PU Sunroof Phantom (Black)	7.5mil / 190μm

D Color Finish Series

Model	Glue	Coating	Thickness
TPU-glossy black	Ashland	TPU-glossy black	7.5mil / 190μm
TPU-matt	Ashland	TPU-matt	7.5mil / 190μm

OEM / ODM COOPERATION

Reliable Manufacturing Support

Zhenhui New Materials supports OEM / ODM cooperation for wholesalers, importers, brand owners, and professional installation networks. We provide flexible manufacturing support with practical, market-oriented solutions and dependable delivery.

CUSTOMIZATION MODULES

Technical Specifications

Material, coating, adhesion and performance customization.

Thickness Selection

Multiple width and thickness options.

Packaging Structure & Labeling

Custom packaging design and labeling support.

Brand Identity & Market Positioning

Tailored solutions for different markets.

OEM / ODM WORKFLOW

1 Inquiry → 2 Requirement Confirmation → 3 Sample / Testing → 4 Production → 5 Packaging → 6 Delivery
